Re: Docket No. FD 36284, Seven County Infrastructure Coalition—Construction & Operation Exemption—in Utah, Carbon, Duchesne, and Uinta Counties, Utah;  
**Distribution of Executed Section 106 Final Programmatic Agreement**

Dear Mr. McKee:

The Surface Transportation Board's (Board) Office of Environmental Analysis (OEA) thanks you for your ongoing participation as a consulting party under Section 106 of the National Historic Preservation Act (NHPA) in the Board's environmental and historic review of the proposed Uinta Basin Railway project. A fully executed copy of the *Programmatic Agreement regarding Seven County Infrastructure Coalition Construction and Operation of the Proposed Uinta Basin Railway Project in Carbon, Duchesne, Uintah, and Utah Counties, Utah* (Final PA) is enclosed for your files.

The enclosed executed Final PA is the same as the version distributed for signature on March 11, 2021, except for the correction of a non-substantive typographical error. In Stipulation X.D.3 on page 20, OEA replaced "HPTP" with "curricula and job aids."

OEA appreciates all the feedback and input received to date through the Section 106 consultation process. If you have any questions about the executed Final PA, please contact Alan Tabachnick of my staff at 202-245-0367 or at [Alan.Tabachnick@stb.gov](mailto:Alan.Tabachnick@stb.gov).

Sincerely,

Danielle Gosselin  
Acting Director  
Office of Environmental Analysis

Enclosures: Executed Final Programmatic Agreement
