The Seven County Infrastructure Coalition was formed to promote cooperative regional planning, increase economic opportunities and to implement sustainable infrastructure projects.

The Coalition is a public implementation and ownership entity, allowing its members to build essential regional infrastructure elements that span across county lines.

Its main role is to identify revenue-producing infrastructure assets benefiting the region. Its mission is to plan infrastructure corridors, procure funding, permit, design, secure rights-of-way and own such facilities. It is contemplated arrangements with private sector partners will be made in order to share risks and bring expertise to various portions of proposed projects.
